## REMARKS

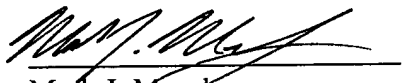
In the Notice to File Corrected Application Papers, the Patent Office is requiring that Applicants submit substitute drawings that have each figure labeled with "Fig." followed by a consecutive Arabic numeral or an Arabic numeral and capital letter. It is respectfully submitted that this objection is erroneous, and it is requested that it be withdrawn.

The undersigned has reviewed the drawings and believe that each comply with the regulations. In the parent application, the undersigned contacted the Initial Patent Examination Division to inquiry as to what needed to be corrected in the drawings. The Customer Service agent at the PTO reviewed the drawings and agreed that they are acceptable. Those drawings were then allowed in the parent. The same drawings are present here. Accordingly, it is requested that this objection be withdrawn.

The PTO also stated that Figs. 23E, 23F (of Preliminary Amendment A) are omitted. This is a typographical error. The Amendment should have referred to only Figs. 23A-23D. Accordingly, Applicants have amended the application and request that this objection now be withdrawn.

If any fee is due for this amendment, please charge our deposit account no. 50-1039.

Respectfully submitted,



Mark J. Murphy
